BEEHIVE

Project Sustainability

“the capacity of the project to continue and use its results beyond the end of the funding period. The project results can then be used and exploited in the longer-term, perhaps via commercialisation, accreditation or mainstreaming. It is important to view dissemination and exploitation as a progression that extends beyond the duration of the project, and into the future.”

BEEHIVE

Subjects to Sustainability:

OUTPUT: *a tangible product which is produced by the project and which may be quantified (for instance courses, curricula, reports, materials, events, websites etc.)*

OUTCOME: *an intangible added value achieved through the achievement of the project objectives and targets (e.g. increased awareness, increased skills, improved abilities, knowledge and experience gained by the participants, partners and/or relevant stakeholders involved in the project)*

Co-funded by the
Erasmus+ Programme
of the European Union
